Is this a loan?

▶ No, this is not a financing or lending product. That's why we don't need credit checks, applications or approvals!

Can I split payments across multiple cards?

▶ Yes. We can take 2 credit cards and create 2 payment plans to cover the full amount.

What cards can I use?

▶ We accept Mastercard and Visa credit cards.

Can I pay off my plan early?

▶ Yes. This option is always available on the Instalments portal, or you can contact customer care for assistance. There are no penalties for early payoff.

Do I ever have to pay full interest charges on my purchases?

▶ No. When you make a purchase with QuickFee Instalments, you will only be charged for 1/4 the total invoice each month. The balance is held on your credit card and interest rates will not apply to the amount held.

Will this affect my credit score?

▶ There is no impact on your credit score. Only the individual instalment charged each month will appear on your statement. If one payment is declined, there is still no impact on your credit rating. **QuickFee Instalments is 100% credit risk free.**
